

Math 6CP to 7 Accelerated Boost Camp Resource List

Students unable to attend the Boost Camp are welcome to study on their own to prepare for the Boost Camp exam (to be taken at the student's school). Students must score at least a 70% on the exam to be enrolled in Math 7 Accelerated in the fall.

The curriculum that will be covered in Boost Camp is shown in the table below along with the corresponding chapter and sections from the 6th grade accelerated textbook (Advanced 1). Resources through Khan Academy are provided below to support students in studying for the exam.
